

Seamlessly Manage Instructor-Led Training Courses

Managing Instructor-Led Training (ILT) courses doesn't have to be a hassle.

With Training in PerformanceHQ, ILTs are seamlessly integrated alongside online courses, streamlining the experience for learners and saving time for admins. Whether hosting in-person sessions or virtual events, trainers can focus on delivering impactful content while the platform handles registration, attendance, and tracking. Learners can access all their training — plus any required pre- or post-ILT activities — right from their dashboard. Say goodbye to scattered calendars, manual reminders, and tedious ILT course equivalencies. With Grace Hill, nothing falls through the cracks!

**Lead
In-Person Learning**

**Integrate
Your Webinars**

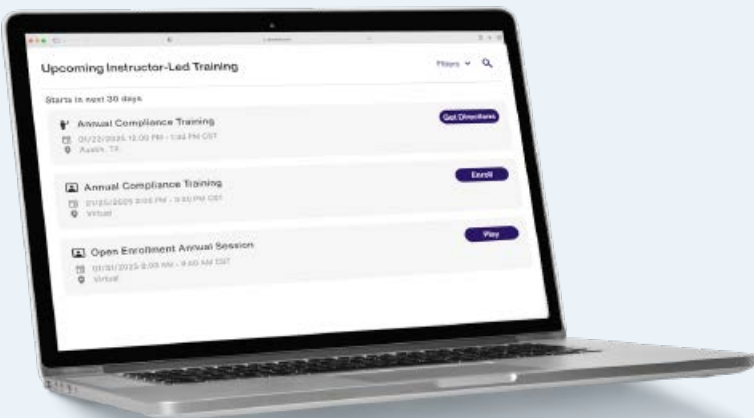

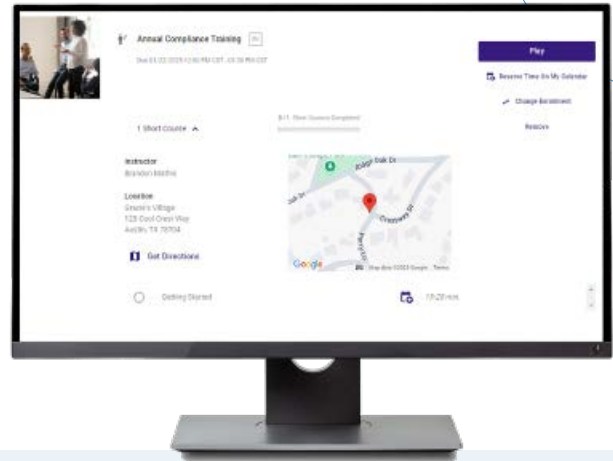

**Leverage
Virtual Classroom**

Boost attendance, save admin time, and enhance the learning experience.

Lead In-Person Learning

- **Reduce noise:** Only promote course registration to learners near the training location.
- **Drive attendance:** Send automated email alerts for upcoming ILTs.
- **Provide details:** Learners receive directions to the venue and mileage for reimbursement.

Integrate Your Webinars

- Track your Microsoft Teams, Zoom, or GoTo Training webinars in PerformanceHQ.
- Streamline the learner experience with registration, reminders, and attendance in one platform.
- Boost attendance by promoting your webinars on learner dashboards.

Leverage Virtual Classroom

Add Grace Hill's Virtual Classroom, powered by Zoom, for enterprise-level features like unlimited recording storage and registration for up to 500 attendees — without the high cost or commitment of buying separate licenses. Schedule ILTs, send reminders, and manage recordings automatically, all within PerformanceHQ. It's a seamless, hassle-free, and smarter way to host virtual training.
