

Gain Critical Insights. Save Critical Time.

Analytics, reporting, and expertise that improves performance.

Executing a successful tenant or resident survey involves more than just knowing the right questions to ask. Translating your responses into actionable insights is what really moves the needle. KingsleySurveys includes intuitive dashboards, benchmarks, and robust reports that identify performance gaps and highlight your competitive advantages. Plus, you'll have a team of experts that present key findings with relevant industry benchmarks and recommendations.

Dashboards and email alerts

- Understand resident or tenant engagement with relevant benchmarks and KPIs.
- Track results as they come in with alert notifications and push reporting capabilities.
- Connect poor survey ratings to specific property performance areas.
- Respond immediately to concerns and develop solutions before it's too late.
- Make investments that matter most to your residents or tenants.

In-depth results assessment

- Understand key drivers and correlations within your data.
- Work with our experts for industry insights, detailed comparisons, and strategic recommendations.
- Support ESG initiatives and increase GRESB score with our trusted engagement program reporting.
- Create meaningful action plans that drive performance.
