Designed To Deliver Reliable Results

Backed by over 35 years of multifamily industry expertise, Grace Hill identifies your best opportunities to improve performance. Our robust mystery shop programs blend technology with assessment best practices to drive positive experiences in your communities.

Our Proven Process

1

Choose the program and shop type that best fits your operation and budget.

2

Shoppers simulate real-life scenarios to evaluate your quality of service and the leasing process.

3

We provide a comprehensive report that pinpoints your strengths and areas for improvement.

"Mystery Shopping is a wonderful tool that has helped as I develop and implement our leasing school. I am able to recognize employee strengths while also identifying opportunities for growth. As a result, I have used this knowledge to gear my training towards their needs rather than wasting time on skills that have already been mastered."

Amy Fernandez, Training & Development Manager, Phillips Management Group
